

Institution Incubation center

Institution has created an ecosystem for innovations including Incubation center and other initiatives for creation and transfer of knowledge. Institute is proud to start an incubation center to enable its students get firsthand experience to promote innovation driven activities at the institute and provide a comprehensive and integrated range of support including space, mentoring, training programs, networking and an array of other benefits. We believe that an incubation center is equally essential in today's competitive and fast changing world. Through the incubation center, students gain hands-on experience in innovation while being nurtured and encouraged by faculty, management and industry experts. The Institute aims to be the hub of innovative and high impact ventures in social, educational, commercial and other domains. It hopes to bring forth a revolution in how and what students learn and achieve while in college.

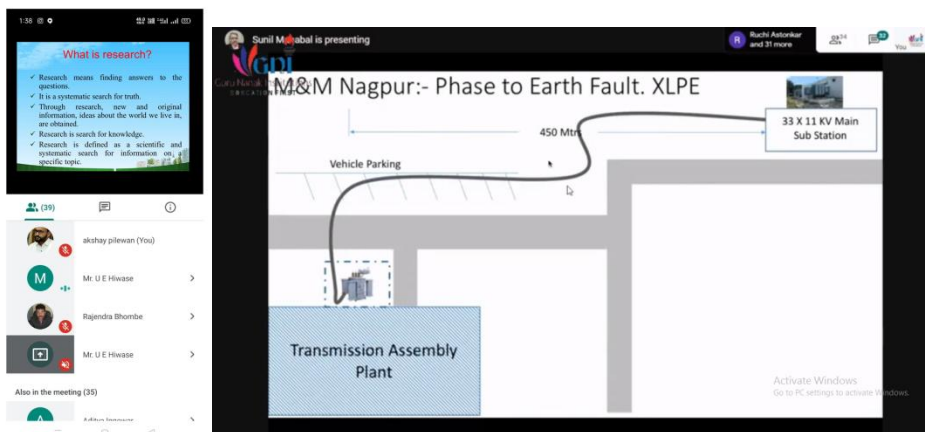

The Institute will provide all the basic infrastructural support, i.e. Electronic Lab, Mentoring, technical support, networking with Professional Experts, Consultants and advisor of incubator companies.

Need:-

1. To promote internship and provide IT training in local industrial/premises and financial organizations.
2. To links with the nearby industries and identify the technological challenges being faced by them.
